TOTAL HOURS REQUIRED TO COMPLETE DEGREE		120****

♦ NOTE: The core curriculum must total **exactly 42 hours**; excess hours must be moved to the major as an elective or a major requirement and stay within the 120-hour requirement or approved total submitted to the Coordinating Board for degree requirements. Some majors specify particular courses to meet core curriculum requirements when options are available.

⚡ Students may complete pre-veterinary medicine requirements while earning a Bachelor of Science degree in Animal Science. Preprofessional requirements of the 27 schools and colleges of veterinary medicine in the United States vary. Students interested in applying to a school or college outside of Texas should contact the school or college to obtain information on preprofessional requirements. The courses on this checklist include the preprofessional requirements for the Texas A&M University College of Veterinary Medicine.

* Indicates prerequisites—see catalog for more information.

** Or an equivalent course (second year, second semester) in a foreign language.

*** Satisfies Texas A&M University College of Veterinary Medicine preprofessional requirements.

**** Total hours with TAMU preprofessional requirements is 132-134.

NOTE: At least 36 hours of advanced work (3000- or 4000-level courses) for which tuition is paid must be earned at WTAMU. A maximum of six semester hours in religion (RELI) and six semester hours in physical education (PHED) courses can count toward a baccalaureate degree.

NOTE: This is NOT a degree plan. All undergraduate students must request an official degree plan from their academic dean's office by the time they have completed 30 credit hours.

DISCLAIMER: This curriculum guide should be used in conjunction with the corresponding degree checklist for general planning purposes only. The degree checklist (later a student's official degree plan) should be referred to as the comprehensive list of all courses required for the degree. An official degree plan is required after completing 30 hours. Students should always seek the advice of their academic adviser before scheduling classes.

Identified Marketable Skills:

1. Agriculturally literate
2. Teachable/leadership/fellowship
3. Problem solver
4. Professional
5. Communicator
6. Competent in field of study

Prerequisites/Important Sequences/Other degree Notes:

Note 1 - CORE: Animal Science majors are required to take specific courses for Core 20, Core 30, Core 80, and Core 90. For all other core categories, they may select from any available options (see degree checklist). Apart from the major-specific core requirements, there is no set order in which core courses must be taken.

MATH 1314 is a prerequisite for CHEM 1411. If unable to enroll in CHEM 1411 during first fall, then it is recommended to complete CHEM 1411 in the spring semester and CHEM 1412 during the summer.

Note 2 - PSES Electives: Take two courses from PSES 2313, 2311, 3350, 3354, 4302, 4321, 4352, 4356. At least one course must be advanced.

Note 3 - ANSC 4000-level: **Choose from: ANSC*4320, 4321, 4322, 4324, 4328, 4329 or 4370

Courses in bold font are offered only in suggested semester of FA or SP.
